	How to shoot cinematic tech videos like Apple	By Jane Doe	Remove	\$524	
	How To Shoot B-Roll Footage with Peter McKinnon	By Jane Doe	Remove	\$1800	\$1896

On the right side of the cart, there is a "Total:" section showing a total of **\$2361** (with a smaller ~~\$2528.97~~ crossed out). Below this is a coupon code input field with an "Apply" button, and a large red "Checkout" button.

My Courses:

- What is inside My Courses?
 - When a user purchases any course, that course gets added to the My Courses page. Users will access this page only if they remain logged in. My Courses will have all the courses that a user has purchased. Users can rate those courses, see

the course details and can start learning from this page. Users can also search a specific purchased course from here. If a user remains logged in, he/she will see his/her profile image on the right top of the header. On hovering over the profile image a view gets appear which contains a couple of options including My Courses.

The screenshot displays a user interface for 'My courses'. At the top, there is a dark header with the title 'My courses' and navigation links: 'All courses', 'Wishlists', 'My messages', 'Purchase history', and 'User profile'. Below the header, there is a 'Filter by' section with a 'Categories' dropdown menu and a 'Reset' button. To the right, there is a search bar labeled 'Search my courses' with a magnifying glass icon. The main content area features a grid of four course cards. Each card includes a representative image, the course title, a progress bar indicating completion percentage, a star rating system with an 'Edit rating' link, and two red buttons: 'Course detail' and 'Start lesson'.

Course Title	Completion	Rating	Buttons
User Experience Design Essenti...	100% Completed	4 stars (1 yellow, 3 grey)	Course detail, Start lesson

Note:
Hi there, my name is Dan, and I'm an Adobe Certified Instructor. Now together, you and me, are going to learn how to use Adobe XD.

Become an Instructor:

- How to become an instructor?
 - By default the user will be able to access the website, all courses, their profile, message, courses that are purchased by him/her, wishlisted course and cart. If a user wants to do more like create a course and publish it, it will require him/her to become an instructor. For becoming an instructor a user has to apply to the admin. Click over the Instructor menu from the top. If there is no Instructor button on the frontend top bar, that means your admin has disabled the public instructor option. Lets think the Public instructor is enabled and you can see the Instructor button over there. If you click on the instructor button, you will find a form for becoming an instructor. Every valid registered user can become an Instructor.

- Users can fill up the form and submit the form for admin verification. While submitting the form users can attach required documents with it.

The screenshot shows a user interface for becoming an instructor. The user is Signe Thompson. The form is titled 'INSTRUCTOR APPLICATION FORM' and includes a 'Heads up!' warning to fill out fields carefully. The form fields are: Name (Signe Thompson), Email address (student@example.com), Address, Phone number, Any message, and Document (with a 'Browse' button). An 'Apply' button is at the bottom.

- Once the request gets approved, all the options for the instructor will be visible to the user. Like, Dashboard, Course manager, Sales report, Payout report and Payout settings.

- How to create courses as an Instructor?
 - Creating a course as an Instructor is almost similar to admin's. The only differences are, Admin has to approve the course and Instructor can make the course as Drafted before publishing it.

Sales Report:

- What is the Sales report in the Instructor panel?
 - Details of purchase histories of instructor's courses will be there. Instructors can see who bought his/her courses and when and how much revenue he is getting per purchase.

The screenshot displays the 'SALES REPORT' interface. At the top, there is a date range selector set to 'June 01, 2020 - June 30, 2020' and a 'Filter' button. Below this, there is a 'Show 10 entries' dropdown and a search box. The main content is a table with two columns: 'Course name' and 'Instructor revenue'. The table contains three entries, each with a course title, enrolled student name, enrollment date, and revenue details.

Course name	Instructor revenue
How To Shoot B-Roll Footage with Peter McKinnon Enrolled student: Naomi Hill Enrollment date: Wed, 17-Jun-2020 12:00:00	\$1260 Total amount: \$1800
How To Shoot B-Roll Footage with Peter McKinnon Enrolled student: Signe Thompson Enrollment date: Wed, 17-Jun-2020 12:00:00	\$1260 Total amount: \$1800
How to shoot cinematic tech videos like Apple Enrolled student: Naomi Hill Enrollment date: Wed, 17-Jun-2020 12:00:00	\$367 Total amount: \$524

Showing 1 to 3 of 3 entries

- What is the course commission for instructors?
 - If a course which has been created by an instructor got purchased, Instructor gets a commission of it. That commission percentage is set by Admin.

Payout Report:

- What is a Payout report?
 - As we said before, after every successful course purchase, the Instructor will get a predefined portion of that paid amount. Instructors will be able to see all the payment information in the Sales report. If an Instructor wants to withdraw an amount, he/she can request for it to the admin. Payout report will also have all the requested payout and processed payout which have been raised by an instructor.

The screenshot displays the Payout Report interface. At the top, there are three summary cards: Pending amount (\$2772), Total payout amount (\$115), and Requested withdrawal amount (\$255). Below these is a table with columns for #, Payout amount, Payment type, and Date processed. The table shows three entries: a pending request of \$255, and two processed payments of \$15 and \$100 via Paypal.

#	Payout amount	Payment type	Date processed
1	\$255 <small>Requested at : Wed, 17 Jun 2020</small>	Pending	
2	\$15	Paypal	Fri, 12 Jun 2020
3	\$100	Paypal	Fri, 12 Jun 2020

- An instructor can request only one Payout request at a time. That means if a Payout request status is Pending, he/she can not raise another one. If he / she deletes the existing one, he/she can raise another one.

My Messages:

- What is My Messages?
 - User can send messages to the instructor. This menu appears when user hovers over the profile image.

The screenshot displays a user interface for 'My messages'. At the top, there is a dark header with the title 'My messages' and navigation tabs: 'All courses', 'Wishlists', 'My messages' (which is selected), 'Purchase history', and 'User profile'. Below the header, there is a 'Compose' button. The main area is split into two columns. The left column shows a list of messages from three contacts: John Doe (Mon, 01-Jul-2019), Signe Thompson (Mon, 01-Jul-2019), and Mildred Pearson (Mon, 01-Jul-2019). The right column shows a detailed view of a conversation with John Doe. The messages in the conversation are: 'Hello Jane' (Tue, 25-Jun-2019), 'Hello Sir' (Tue, 25-Jun-2019), 'Sir, Are you there? I am waiting.' (Mon, 01-Jul-2019), and 'Hello Jane, this is john' (Mon, 01-Jul-2019). At the bottom of the conversation view, there is a text input field with the placeholder 'Type your message...' and a red 'Send' button.

User Profile:

- Update your profile.
 - Users can update their profile from the User profile menu. This menu appears also when the user hovers over the profile image.
